

**LABORATORY / PILOT LABORATORY TECHNICIAN
(Part-time or Full-time) Position**

Date Posted: July 26, 2010

Position Description: Alexium Inc., a small business located in Greer, South Carolina, is seeking qualified applicants to fill the following position. Alexium is looking for a motivated individual that likes to be challenged, blend into a flexible and informal work culture, and would like to work in a results-oriented team. Alexium offers a drug- and smoke-free work environment and all applicants are subject to background checks.

- Minimum of 2 years of professional experience; Associates Degree preferred.
- Experience in a textiles/fabrics test laboratory and/or in an analytical chemistry laboratory.
- Experience in sample preparations, materials handling, data collection, and conducting test methods in accordance with specified laboratory test protocols.
- Computer skills and ability to compile data and issue technical reports.
- Perform ASTM and/or other standard test methods.
- Assist with production scale up and pilot line optimization under the supervision of a senior engineer.
- Ability to assist in demonstration runs and production, as needed.
- Basic safety training, including chemical handling and storage
- Strong work ethic, attention to detail, and ability to respond quickly to new and challenging technical tasks, as needed.

Required Skills: MS Office, Laboratory/Technical Experience.

Benefits: Alexium offers a competitive compensation package - commensurate with experience and performance, - including a benefits package.
