About Alexium International Group Limited

Alexium International Group Limited (ASX: AJX, Nasdaq Designate: AXXIY) holds proprietary patent applications for novel technologies developed to provide flame retardancy for a wide range of materials. These environmentally friendly flame retardants have applications for several industries and can be customized. Additionally, Alexium's product range includes products for a range of other applications including phase change materials, water repellents, antimicrobials, and combinations thereof. Alexium also holds patents for a process developed initially by the U.S. Department of Defense, which allows for the surface modification and attachment of nanoparticles or multiple chemical functional groups to surfaces or substrates to provide functions such as fire retardancy, waterproofing, oil proofing, and anti-microbial treatments. Applications under development include but are not limited to textiles, packaging, electronics and building materials. Alexium's chemical treatments are currently marketed as Alexiflam® and Alexicool®. For additional information, please visit alexiuminternational.com.
